John Dryden Kuser

Haiti

This book is part history and part travelogue, an account of a brief visit by a wealthy, white U.S. politician during a lamentable time in Haiti's history of its invasion and occupation by the U.S. military. Dryden offers his views of elements of Haitian culture such as education, religion and commerce, with some optimism but with the shallow understanding of a casual observer who has not been immersed in the culture enough to provide truly insightful understanding. One chapter is an account of his duck hunting expedition. This is, nonetheless, valuable in helping us understand how many understood the Haitian situation in the early twentieth century. Summary by Larry Wilson.

Read by Larry Wilson. Total running time: 01:30:23
